

We are a non-profit organization that provides **assistance and expertise** in the **medical diagnosis, management, and prevention of poisonings** throughout Massachusetts and Rhode Island. In 2024, we helped almost 45,000 individuals of all ages, including families, caregivers, & healthcare providers, understand and manage poison exposures.

## Poison Centers provide:

**24/7 Poison Help Hotline** for exposure or information handled by medical professionals

Poison prevention **presentations and support** to organizations or groups

**Educational materials** including brochures, stickers, & magnets

**All services are free & confidential!**

Check out our **website** for educational resources, requesting materials, + more!

**SAVE THE POISON  
HELP NUMBER TO  
YOUR PHONE!**

**1-800-222-1222**

**SUPPORT** the MA & RI Poison Center by scanning below:
